

REMARKS

In response to the Examiner's suggestions, Applicant cancelled claims 37-42, 46-54 and 58-60 and amended claims 43 – 45 and 55 – 57 in independent form to include all of its limitations. Based on these amendments, the Examiner has stated that claims 43-45 and 55-57 would be allowable rewritten in independent form including all of the limitations of the base claim and any intervening claims. In addition, the Examiner has also previously stated that claims 1-36 are allowed. It is understood that Applicant does not agree with the Examiner's rejection of claims 37-42, 46-54 and 58-60. However, in order to expedite prosecution, Applicant has cancelled these claims.

Therefore, it is respectfully submitted that the invention recited by pending claims is patentable. Accordingly, it is respectfully submitted that the above-identified application is now in condition for allowance.

Favorable reconsideration is earnestly solicited.

Respectfully submitted,
GREENBERG TRAURIG
